

About

BioClean Steele™ steel toecap cleanroom shoes are EN 20345:2001 compliant, feature white leather uppers and double density (PU/PU) antistatic injection moulded soles. BioClean Steele shoes offer 200 joules impact resistance and are water and fuel-oil resistant for a robust, hard-wearing work wear choice. With a slip-resistant sole and energy absorbing seat region, they offer the perfect combination of operator comfort and protection.
