

PRODUCT INFORMATION

Cleaning tool for Isolators & Safety Cabinets

Applications and Features

- + Device for efficient and straight-forward cleaning of isolators and safety cabinets, perfect for hard to reach places. For simple cleaning of wall, floor and ceilings.
- + Ideally suited for use with BERNER Isysoft cleaning wipes (available in sterile, non-sterile or latex-free).
- + Quick and easy fastening or replacing of wipes using 4 polyethylene clips.
- + With latex pad for effective cleaning even on uneven surfaces.
- + The cleaning tool can be sterilised* (gamma radiation, fumigation with hydrogen peroxide / ethylene oxide, etc.)* and is therefore suitable for use in cleanroom classes A and B.
*not autoclavable
